

This image shows a large, empty grid of cells, resembling a spreadsheet or a data table. The grid is composed of many small, uniform rectangular cells arranged in a regular pattern. The grid is approximately 30 columns wide and 40 rows high. The cells are currently empty, with no text or data entered. The grid is located on the left side of the page, with the rest of the page being blank white space.

This image shows a sheet of graph paper with a grid of small squares. A vertical line is drawn on the left side, creating a margin. The grid extends across the page, with the margin line positioned approximately one-fifth of the way from the left edge. The grid is composed of thin black lines on a white background.

The image shows a large, empty grid of graph paper. The grid is composed of small squares, typical of standard graph paper. A single, small blue horizontal line is visible in the lower right quadrant of the grid, approximately in the 15th column from the left and the 10th row from the bottom. The rest of the grid is completely blank.

The grid is positioned on the left side of the page, with a significant white margin to its right. The grid is completely blank, with no text or data entered into any of the cells.

This image shows a sheet of graph paper with a grid of small squares. A large, faint watermark of the letter 'A' is centered on the page. The grid is composed of approximately 30 columns and 40 rows of small squares. The watermark 'A' is formed by a series of horizontal and vertical lines that are slightly thicker than the grid lines, creating a large, stylized letter that spans most of the width and height of the grid.
